Silver Dihydrogen Citrate

Multi-Surface

## Essential Applications for Poultry

### Misting Poultry Post-Turns

Easily sanitize barns after culling or grow-out for a fresh start.

### Boot and Glove Sanitization

Mist boots and gloves to quickly reduce cross-contamination risk.

### Vehicle and Trailer Disinfection

Mist trailers, cars, and equipment upon entry and prior to exiting to maintain farm biosecurity.

**Fast, Simple, Effective**

#### No Rinse Required

Leaves no harmful residues.

#### Ready-to-Use Formula

No dilution, no hassle; just mist and go.

#### Optimizes Turn-Around Time

Reduces downtime for seamless operations.
